2. **U. T. System Board of Regents: Report on legal issues: Annual update on fiduciary responsibilities; Master Investment Management Services Agreement (IMSA); Board of Regents' Expectations of University of Texas Investment Management Company (UTIMCO) Directors**

REPORT

Vice Chancellor and General Counsel Barry Burgdorf and The University of Texas Investment Management Company (UTIMCO) General Counsel Cecilia Gonzalez will discuss the current Master Investment Management Services Agreement (IMSA) and fiduciary responsibilities of Regents and UTIMCO Directors. The Board of Regents' Expectations of UTIMCO Directors follows on Pages 3 - 7 as background information for this discussion.

**U. T. System Board of Regents
Expectations for Appointees to the
UTIMCO BOARD OF DIRECTORS**

Overview of UTIMCO

The University of Texas Investment Management Company (“UTIMCO”), a Texas nonprofit corporation qualified as a tax-exempt entity under Section 501(c)(3) of the Internal Revenue Code, was created for the sole purpose of managing the investment of funds under the control and management of the Board of Regents of The University of Texas System pursuant to authorization provided in Section 66.08 of the *Texas Education Code* (the “UTIMCO statute”). UTIMCO manages more than \$23.7 billion in total assets, comprised of approximately \$18.4 billion in endowment funds, including the Permanent University Fund (“PUF”), Permanent Health Fund (“PHF”), Long Term Fund (“LTF”), and Separately Invested Funds, and more than \$5.3 billion in centralized operating funds.

The corporate activities of UTIMCO are managed by its Board of Directors (the “UTIMCO Board”), subject to the Master Investment Management Services Agreement (“IMSA”) between UTIMCO and the Board of Regents, the applicable provisions of the Board of Regents’ *Rules and Regulations*, the UTIMCO statute, UTIMCO’s Articles of Incorporation and Bylaws, and other applicable law.

The Chancellor of the U. T. System serves as the Vice Chairman for Policy.

- The Chancellor is charged by the UTIMCO Bylaws with coordination of responsibilities, including the appropriate resolution of policy issues, assigned to UTIMCO and to the U. T. System by the Regents’ *Rules* to ensure implementation of UTIMCO’s performance of core investment duties.
- The IMSA between the U. T. System Board of Regents and UTIMCO provides that unless otherwise provided in writing by the U. T. Board, “UTIMCO shall look to the Chancellor to provide primary oversight and management concerning relations with the media, legal issues that implicate policies of the U. T. Board other than the Investment Policies, public disclosure of information and intergovernmental relations. Except for the foregoing matters, the UTIMCO Board of Directors and the CEO of UTIMCO shall be responsible for making all decisions necessary to implement the Investment Policies. The CEO of UTIMCO shall confer with the Chancellor on the above-mentioned matters where the Chancellor has primary oversight and management and on other matters that may implicate broader policies of the U. T. Board.”
- The Regents’ *Rules*, Series 20101 and Series 70401 provide additional detail on these duties.

Qualifications and Terms

Pursuant to the UTIMCO statute, the UTIMCO Board consists of nine (9) members. The Chancellor of the U. T. System serves as a Director. The other members of the UTIMCO Board are appointed by the Board of Regents and must include at least three (3) current members of the Board of Regents and one person selected by the Board of Regents from a list of candidates with substantial expertise in investments submitted by the Board of Regents of the Texas A&M University System. Pursuant to the UTIMCO bylaws approved by the Board of Regents, the

three (3) Regental Directors serve two-year terms that expire on the first day of April of each odd-numbered year, and the external Directors serve three-year staggered terms that expire on the first day of April of the appropriate year. No external Director may serve more than three (3) full three-year terms. Any UTIMCO Director may be removed as a Director by the Board of Regents with or without cause and at any time.

Operations and Resources

The UTIMCO Board has delegated primary responsibility for certain functions to key chartered Board Committees:

1. Audit and Ethics Committee (Appointments approved by the Board of Regents)
2. Compensation Committee
3. Policy Committee
4. Risk Committee

U. T. System Administration staff provide oversight through the Office of Business Affairs, including the Office of Finance; the Office of General Counsel; Internal Audit; the System-wide Compliance Officer; and the General Counsel to the Board of Regents. UTIMCO Directors also have the benefit of professional independent consultants, including:

1. Investment consultants (Cambridge Associates);
2. Outside legal counsel (Vinson & Elkins);
3. Compensation consultants (Mercer Human Resources Group);
4. External auditors (Deloitte & Touche LLP);
5. Dr. Keith Brown, Professor of Finance at U. T. Austin, Advisor to the Chairman of the UTIMCO Board; and
6. Risk consultant (Gifford Fong Associates).

Duties and Responsibilities

By statute and charter, as a fiduciary under the IMSA, UTIMCO is dedicated to the sole purpose of investing funds under the management and control of the Board of Regents. In practice, the fiduciary duties of UTIMCO Directors are focused on the fulfillment of the Board of Regents' investment policy directives. As Directors of a nonprofit corporation, UTIMCO Directors' fiduciary duties also include:

1. Duty of care in prudently managing the corporation's investment management and other affairs;
2. Duty of loyalty, requiring the avoidance of conflicts of interest; and
3. Duty to avoid conduct that exceeds the chartered powers of the corporation.

Investment Management Responsibilities: The Board of Regents is the ultimate fiduciary responsible for all matters relating to the investment of the funds under its control, in accordance with the "prudent investor" standard of care established by the Texas Constitution, Texas Education Code, and other applicable law. This standard provides that the Board of Regents, in making investments, may acquire, exchange, sell, supervise, manage, or retain, through procedures and subject to restrictions it establishes and in amounts it considers appropriate, any kind of investment that prudent investors, exercising reasonable care, skill, and caution, would

acquire or retain in light of the purposes, terms, distribution requirements, and other circumstances of the fund then prevailing, taking into consideration the investment of all the assets of the fund rather than a single investment.

The Board of Regents delegates to UTIMCO as its fiduciary, under the management of the UTIMCO Board, authority to act for the Board of Regents in the investment of those funds, subject to limitations and restrictions articulated through the IMSA; the Board of Regents' investment policies; and other applicable laws, rules, and agreements. The UTIMCO Board's investment management authority, thus derived, includes the following investment management responsibilities:

- Review of the U. T. Board's current Investment Policies for each Fund at least annually by June 1 of each year. Such review shall include distribution (spending) guidelines, long-term investment return expectations and expected risk levels, asset allocation targets and ranges for each eligible asset class, expected returns for each asset class and fund, designated performance benchmarks for each asset class and such other matters as the U. T. Board or its staff designees may request.
- After UTIMCO completes its assessment, UTIMCO must forward any recommended changes to U. T. System staff for review and appropriate action.
- Oversee the investment management process pursuant to the Investment Policies. Such oversight shall include without limitation the development of an investment outlook based on global economic and capital market forecasts, the rebalancing of allocations to each asset class within ranges in response to changes in the investment outlook, and the selection of a combination of portfolio managers to construct portfolios designed to generate the expected returns of each asset class.
- Monitor and report on investment performance for each of the Funds. With respect to all Funds other than the Separately Invested Funds ("SIFs"), such responsibilities shall include the calculation and evaluation of investment returns for each asset class and individual Fund portfolio against approved benchmarks over various periods of time, and the periodic review of performance benchmarks. With respect to all Funds, such responsibilities shall also include the reporting of investment performance of such specific Funds as may be requested by the U. T. Board, and the reporting to regulatory agencies and others regarding investments under management to the extent required by applicable law.
- Develop and implement a risk management system to measure and monitor overall portfolio derivative exposure, risk levels, liquidity, and leverage.
- Monitor and enforce compliance with all investment and other policies and applicable law.
- Monitor termination of external managers in accordance with Delegation of Authority Policy and investment policies.

Some investment management responsibilities delegated to UTIMCO, including but not limited to the following, are expressly subject to Board of Regents approval:

- Analyze and recommend investment strategies for U. T. System funds managed by UTIMCO, including asset allocation targets, ranges, and performance benchmarks for each asset class (Exhibit A of the Fund Investment Policy Statements).

- Consider and recommend investments not covered by investment policy statements.
- Select one or more Custodians, each of which shall be approved by the U. T. Board, which shall also enter into or approve each agreement with the Custodian(s).
- Select, engage, and evaluate External Auditor(s) for the funds.
- Review and propose amendments to Board of Regents' policies related to the investment management of the U. T. System funds, including (not limited to):
 1. Investment Policy Statements for all U. T. System funds.
 2. Distribution (spending) guidelines, rates, and amounts as required.
 3. Liquidity Policy.
 4. Derivative Policy.

Corporate Governance Responsibilities: The UTIMCO Board manages the activities of the corporation, providing the primary governance and oversight of the CEO, other professionals employed by UTIMCO, and outside investment managers with whom funds have been invested. Management oversight responsibilities of the UTIMCO Board or UTIMCO Board Committees include the following:

- Monitor actual staffing, operating, and capital expenditures relative to approved budgets.
- Monitor compliance with the Delegation of Authority policy.
- Consider and approve actions outside the authority delegated to the CEO as required.
- Select, engage, and evaluate UTIMCO's outside counsel, custodian(s), external auditor(s) for the corporation, investment consultant(s) and risk consultant(s).
- Ensure compliance with UTIMCO's Code of Ethics, including conflict of interest policies and applicable law.
- Develop and administer a compensation plan, consistent with current regulations for determining reasonable compensation, to attract and retain high caliber investment professionals and support staff. With the exception of changes to the appendices, the Compensation Plan is subject to approval by the Board of Regents.
- Appoint, supervise, evaluate and compensate UTIMCO's CEO.
- Evaluate investment results against incentive compensation plan performance objectives; approve and recommend bonus compensation for UTIMCO's officers.
- Review and approve committee charters.
- Assure establishment and implementation of legally compliant and administratively effective personnel policies.
- Oversee implementation of accounting principles, policies, internal financial controls, and reporting in the spirit of the Sarbanes-Oxley Act.
- Oversee implementation of public disclosures in compliance with the Texas Public Information Act and other applicable law, in collaboration with the Chancellor/Vice Chairman for Policy.

Some corporate management responsibilities of the UTIMCO Board, including but not limited to the following, are expressly subject to approval by the Board of Regents:

- Review and approve the proposed annual UTIMCO operating and capital budgets, including incentive compensation, capital expenditures, and management fee allocations.
- Review, approve, and recommend key governance documents such as the Articles of Incorporation, Bylaws, and Code of Ethics.

- Approval of Performance Incentive Awards that will result in an increase of 5% or more of the total performance incentive awards calculated to the approved Performance Incentive Plan contained in the UTIMCO Compensation Program.

Prohibited Transactions -- Conflicts of Interest

The *UTIMCO Code of Ethics* (“Code”) details, among other things, prohibitions on transactions between UTIMCO and entities controlled by UTIMCO Directors, as required by the UTIMCO statute and supplementing the general requirements under the Texas Non-Profit Corporation Act. Amendments to the Code are expressly subject to Board of Regents’ approval.

The Code prohibits any transaction or agreement between UTIMCO and any investment fund or account managed by a UTIMCO Director as a fiduciary or agent for compensation. The Code prohibits agreements or transactions between UTIMCO and a business entity controlled by a UTIMCO Director or in which a UTIMCO Director owns five percent or more of the fair market value of the assets or of the voting stock or from which the director received more than five percent of his or her gross income for the preceding calendar year.

The Code prohibits a UTIMCO Director from investing in the private investments of a business entity in which UTIMCO contemporaneously owns a private investment. The Code also prohibits UTIMCO from investing in the private investments of a business entity in which a UTIMCO Director contemporaneously owns a private investment; provided, however, that a limited exception is available where the UTIMCO Director’s private investment was acquired before the date the director assumed a position on the UTIMCO Board. For this purpose, “private investment” means any debt or equity interest that is not publicly traded, including a private investment in a public company.

Application of the Texas Public Information Act

UTIMCO and its officers, directors and employees are subject to the provisions of the Texas Public Information Act. Corporate documents, correspondence, and emails are subject to public inspection and duplication, unless specifically excepted from disclosure under the Act.

Meeting Requirements

UTIMCO Directors are expected to attend all regularly scheduled Board meetings which are typically held approximately every two months. In addition, special Board meetings may be scheduled from time to time with prior notice. The Texas Open Meetings Act applies to the UTIMCO Board, requiring that all deliberations of a quorum of the Board take place in open meetings after advance notice of the meeting is posted as required by the Act. Committee meetings are held as needed to address specific items within the Committee charters.

3. **U. T. System Board of Regents: Reports on The University of Texas Investment Management Company (UTIMCO) Board operations and committees**

University of Texas Investment Management Company (UTIMCO) Chairman Rowling will outline the UTIMCO Board Committee structure. Four Board committees assume primary responsibility for overseeing certain aspects of UTIMCO operations. The chairs of the UTIMCO Board committees will describe the roles of their committees as follows:

- Audit and Ethics Committee, Chairman Erle Nye
- Risk Committee, Chairman Charles W. Tate
- Policy Committee, Chairman Colleen McHugh
- Compensation Committee, Chairman J. Phillip Ferguson

REPORT

The purposes of these four committees, as set forth in their respective charters, are outlined below.

Audit and Ethics Committee Charter Purpose:

The primary purpose of the Committee is to assist the UTIMCO Board in monitoring the financial and compliance functions of the Corporation and the investment funds managed on behalf of The University of Texas System Board of Regents (the "U. T. Board") to assure the balance, transparency, and integrity of published financial information. Specifically, the Committee is to assist the Board in monitoring:

- The integrity of the financial reporting process, the system of internal controls, the audit process, and the process for monitoring compliance with laws and regulations;
- The independence and performance of the Corporation's Chief Compliance Officer;
- The independence and performance of the Corporation's independent auditors;
- The independence and performance of the independent auditors selected by the U. T. Board to audit the investment funds managed by UTIMCO on their behalf;
- Internal audit functions performed by the U. T. System Audit Office;
- The Corporation's audit policies, ethics programs, and adherence to regulatory requirements; and
- The Corporation's enterprise risk management.

The Committee is responsible for maintaining free and open communication as well as effective working relationships among the Committee members, the Chief Compliance Officer, independent external auditors, U. T. System's internal auditors, and management of the Corporation. To perform his or her role effectively, each Committee member will need to develop and maintain his or her skills and knowledge, including an understanding of the Committee's responsibilities and of the Corporation's activities, operations, and risks.

The Committee will take all appropriate actions to set the overall tone at the Corporation for quality financial reporting, sound risk practices, and ethical behavior.

Risk Committee Charter Purpose:

The primary purpose of the Committee is to provide oversight and monitor:

- Investment risk management and compliance;
- The integrity of risk management procedures and controls;
- The integrity of risk models and modeling processes; and
- Liquidity of the Permanent University Fund (PUF), the General Endowment Fund (GEF), and the Intermediate Term Fund (ITF).

Policy Committee Charter Purpose:

The primary purpose of the Committee is to provide oversight and to monitor:

- The development and amendment of UTIMCO Board Policies and Corporate Documents;
- Recommendations concerning the development and amendment of investment-related policies of the U. T. Board related to the management of funds under the control and management of the U. T. Board; and
- Recommendations concerning the amendment of the Master Investment Management Services Agreement, Code of Ethics, and Bylaws.

Compensation Committee Charter Purpose:

The primary purpose of the Committee is to provide oversight of the compensation system for officers and employees of the Corporation. The Committee has the following duties and responsibilities:

- Recommend to the Board the base salary and performance compensation award of the CEO;
- Approve base salaries of all officers (except the CEO) of the Corporation;

- Recommend to the Board the Performance Compensation Plan and any amendments thereto and the eligible employees; and
- Approve the Performance Compensation Plan awards for eligible employees except the CEO.

4. **U. T. System Board of Regents: Report on Investment Objectives and Performance for the University of Texas Investment Management Company (UTIMCO)**

REPORT

Mr. Bruce Myers, Cambridge Associates, will report on the investment objectives and performance of funds managed by the University of Texas Management Company (UTIMCO) including objectives, performance, policy portfolios, benchmark and asset allocation, using the PowerPoint presentation set forth on Pages 11 - 26.

In addition, Mr. Bruce Zimmerman will report on current UTIMCO performance through the fiscal quarter ending May 31, 2008 set forth on Pages 27 – 32.

Discussion on Investment Objectives and Performance

July 2008

Definitions

- PUF: The Permanent University Fund established by the Texas State Constitution for the benefit of the University of Texas and Texas A&M
- GEF: The General Endowment Fund which is composed of:
 - LTF: The Long Term Fund, the permanent endowment of the University of Texas
 - PHF: The Permanent Health Fund
- STF: The Short Term Fund, a money market fund managed for preservation of principal and liquidity
- ITF: The Intermediate Term Fund, a broadly diversified portfolio designed to produce a return of at least 3% plus the rate of inflation (CPI-U)

Current Investment Objectives

- “The primary objective for each fund [the PUF and the GEF] shall be to preserve the purchasing power of fund assets and annual distributions by earning an average real return over ten-year periods or longer at least equal to the target distribution rate of such funds plus the annual expected expense.”
- “The secondary fund objective is to generate a fund return in excess of the Policy Portfolio benchmark and the median return of the universe of the college and university endowments with assets greater than \$1.0 billion as reported by Cambridge Associates.” [Amended this year to institutions with assets greater than \$2.5 billion]

Performance Summary: PUF & GEF

- Since 1994, performance of the PUF and the GEF has enhanced purchasing power, outperforming the stated goal of earning the rate of distributions, plus expenses, plus inflation.
- While the 10+ year performance of the PUF trails its Policy Portfolio Benchmark, this underperformance is due primarily to underperformance in the 1999-2003 time frame. The 10+ year performance of the GEF has now pulled ahead of its Policy Portfolio Benchmark.
- Performance (measured on a rolling five-year basis) relative to college and university peers lags the peer universe prior to 2005. For rolling five year periods ending in 2005, 2006 and 2007 the PUF and GEF modestly outperformed. Returns for the 4.25 year period ending 3/31/08 show the PUF and GEF trailing.

Performance Relative to Minimum Acceptable Return¹

Objective: Preserve the purchasing power of fund assets and annual distributions by earning an average annual return over rolling ten-year periods or longer at least equal to the target distribution rate of such funds plus the annual expected expense.

¹ The “MAR” as defined by the University of Texas System Investment Policy Statement is 5.1% plus an assumed rate of inflation of 3.0%, for a total of 8.1%. This target was derived by adding the current target distribution rate for the endowment (4.75%) to the annual expected expense (0.35%). 5.1% represents a real annual return target; this report de-annualizes that number to a monthly basis and adds monthly CPI-U data to account for inflation.

Performance Relative to Policy Portfolio Benchmark²

Objective: Generate a fund return in excess of the Policy Portfolio benchmark over rolling five year periods or longer.

² The “Policy Portfolio Benchmarks” are the composition of asset class targets in the asset allocation investment policy statement, changed over time with approval of the BOR. Policy Portfolio performance is the composite performance of benchmarks for the asset class targets. In January of 2004, UTIMCO restated historical policy returns based on newly approved policy targets. The Policy Portfolio presented in the report reflects this restatement.

Five-Year Rolling PUF/GEF AACR Performance Relative to Cambridge Five-Year Rolling AACR Performance for University Endowments > \$1 Billion³

PUF/GEF rolling 5-yr. performance relative to the Benchmark (5-yr. rolling AACR for CA University Endowments > \$1B) which is held static at 0.0%, 1997 - 2008. Year 2008 is only a partial period through 3/31/2008.

19

³ The 5-yr. Average Annual Compound Return “AACR” is calculated by first assessing CA College and University Endowments over \$1B at the end of each year 1997-2007 and for the three month period 1/31/2008-3/31/2008. The mean return for each yearly universe is then calculated. Institutions that did not report performance, even if they are over \$1B at that time, are not included. The mean returns for each yearly universe are then used to calculate rolling 5-yr. Average Annual Compound Returns. Medians are not used due to reporting complications and non-static universes.

Five-Year Rolling PUF/GEF AACR Performance Compared to Cambridge Five-Year Rolling AACR Performance for University Endowments > \$1 Billion⁴

PUF/GEF rolling 5-yr. performance compared to the Benchmark (5-yr. rolling AACR for CA University Endowments > \$1B), 1997 – 2008.

20

⁴ The 5-yr. Average Annual Compound Return “AACR” is calculated by first assessing CA College and University Endowments over \$1B at the end of each year 1997-2007 and for the three month period 1/31/2008-3/31/2008. The mean return for each yearly universe is then calculated. Institutions that did not report performance, even if they are over \$1B at that time, are not included. The mean returns for each yearly universe are then used to calculate rolling 5-yr. Average Annual Compound Returns. Medians are not used due to reporting complications and non-static universes.

Performance Summary: STF and SITF/ITF

- Performance for the STF has modestly exceeded its benchmark.
- Since its inception in 2006, the ITF has outperformed both its primary objective of CPI plus 3% as well as its secondary objective of outperforming its Policy Benchmark.
- In the most recent quarter and trailing 12 months periods, the ITF has outperformed the Policy Benchmark, but not achieved the primary objective of earning CPI-U plus 3%.

STF Performance Relative to Benchmark

Growth of \$1

Objective: Maximize current income consistent with the absolute preservation of capital and maintenance of adequate STF liquidity. The STF shall seek to maintain a new asset value of \$1.00.

ITF Performance Relative to ITF Benchmark⁵

ITF Primary Objective: Preserve the purchasing power of ITF assets by earning a compound annualized return over rolling three-year periods, net of all direct and allocated expenses, of at least inflation as measured by the Consumer Price Index (CPI-U) plus 3%.

⁵ The SITF ended 1/31/2006, and the ITF began 2/1/2006.

ITF Performance Relative to ITF Historical Policy⁶

| | Calendar Year | | | Since Inception |
|------------------------|---------------|---------|----------|-----------------|
| | Three Months | To Date | One Year | |
| Intermediate Term Fund | 2.52 | 1.97 | 5.83 | 8.71 |
| ITF Policy Portfolio | 1.22 | 0.05 | 1.71 | 6.20 |
| CPI-U +3% | 3.03 | 4.33 | 7.18 | 6.87 |

ITF Primary Objective: Preserve the purchasing power of ITF assets by earning a compound annualized return over rolling three-year periods, net of all direct and allocated expenses, of at least inflation as measured by the Consumer Price Index (CPI-U) plus 3%.

ITF Secondary Objective: Generate a return, net of all direct and allocated expenses, in excess of the approved Policy Portfolio benchmark over rolling three-year periods.

⁶The ITF replaced the SITF as of 2/01/2006.

Conclusions About Past Performance

- System funds have shown strong performance when measured in absolute terms or against the objective of preserving the purchasing power of the assets and the distributions from those assets.
- Performance relative to the Policy Portfolio and to other large educational endowments has been less robust, but has improved significantly in recent years. For the first time in a number of years, the long term performance of the GEF now exceeds its Policy Portfolio Benchmark.

Fiscal Year 2009 UTIMCO BUDGET REVIEW

I. Executive Summary

This report supports the U. T. System Board of Regents' efforts to determine whether investment management costs for funds under its control are "reasonable and appropriate," as required by the Texas Uniform Prudent Management of Investment Funds Act (UPMIFA).

The report reviews UTIMCO's proposed **\$67 million FY09 budget**. The UTIMCO budget consists of **UTIMCO Services** (corporate) and **Direct Costs to (U. T. System) Funds** (third party management and performance fees paid directly by UTIMCO and costs related to custody, consulting, corporate legal, audit, and risk measurement).

The report also reviews the FY09 budget in the context of Total Investment Costs, which consist primarily of external management fees that are paid by the fund managers and not directly by UTIMCO. The **projected Total Investment Costs for FY08 are \$443 million**, inclusive of the UTIMCO Services costs and Direct Costs to Funds.

Highlights:

- **Total Investment Costs FY04-FY08:** Total costs, dominated by external management and performance fees, have increased significantly as a percentage of average assets under management (AUM) from 1.01% in FY04 to 1.81% in FY08 (projected).
- **UTIMCO Budget for FY09:** The FY09 budget is \$67 million, a 9% increase from the current projection for FY08 and a 3% increase from the FY08 budget.
- **Compensation:** Salaries for FY09 are budgeted to increase \$1.6 million (29%) from FY08 projections. About two-thirds of the increase reflects staff hired during FY08 and four new budgeted positions for FY09; the balance represents an overall 9.8% average salary increase for existing staff (including promotions). Bonuses for FY09 are budgeted to increase \$223k (7%) from FY08 projections due to an increase in salaries, offset somewhat by net reductions in maximum bonus potential for certain employees.
- **Travel:** Travel expenses for FY09 are budgeted at \$800k, a 57% increase over FY08 projections and a 352% increase when compared to FY07 expenses. The increase in travel expenses is due to the need for increased investment due diligence by UTIMCO staff and a move towards more international investments.
- **Lease Expenses:** Lease expenses are continuing to increase as a result of rising operating expenses and the addition of 3,153 square feet of leased space to accommodate growth in personnel.
- **Audit and Legal:** Audit fees are expected to stabilize in FY09 but are still significantly higher than FY07 and prior years due to the change in audit firms and additional time required to audit valuations of alternative investments. Although direct legal fees are budgeted to decrease in FY09, legal expenses will be the third largest cost components of the Direct Costs to Funds portion of the budget.
- **UTIMCO Reserves:** UTIMCO staff projects UTIMCO's available cash reserves to be \$1.9 million at fiscal year-end. We concur with UTIMCO staff in recommending that no cash reserves be distributed back to the funds at this time. This will be reviewed again one year from now.

II. Total Investment Costs

UTIMCO's Total Investment Costs include all items in the UTIMCO budget plus external management fees paid directly by the funds and netted from asset values.

Based on FY08 projections, the pie chart shows that UTIMCO Services and Direct Costs to Funds (i.e., UTIMCO's budget) represent only 14% of the \$443 million in Total Investment Costs. External Fees and Performance Fees that are netted from asset values for partnerships, hedge funds and mutual funds are not budgeted since they are not paid directly by the funds. These expenses for FY08 are projected to be 83% of total investment costs. Other Fees and Expenses (2% of total costs) include education, endowment compliance and investment oversight expenses.

Table 1 below shows the trend of Total Investment Costs as a percentage of average AUM from 1.01% in FY04 to 1.81% in FY08 (projected).

III. UTIMCO Budget Analysis and Trends

UTIMCO proposes a budget for FY09 (excluding capital expenditures) of **\$67 million**. Table 2 shows the trend of UTIMCO Services and Direct Costs to Funds budgeted costs as a percent of average AUM since FY04 from **0.22% in FY04 to 0.27% in FY09 (budget)**.

FY 2009 UTIMCO Budget Components
\$66.8 million

The pie chart to the left shows the breakdown of the UTIMCO budget. UTIMCO Services fees represent 24% of the total budget, with Compensation & Benefits being the largest component. Direct Costs to Funds include External Management Fees (including performance fees) paid directly, Custodian & Analytical Costs and Other Direct Costs. External Management Fees dominate the total budget at 66%. UTIMCO retains external managers for 87% of the \$25.1 billion in operating and endowment funds (as of May 31, 2008). UTIMCO staff manages the remaining 13% of assets in addition to a large internal derivatives portfolio.

Table 3 compares the UTIMCO budget for FY08 and FY09. Refer to Exhibits A and B for a detailed budget comparison and budget trend for FY04-FY09.

FY08 Forecast versus Budget: UTIMCO staff projects actual FY08 costs will be \$61.4 million, \$3.2 million (5.0%) below the total FY08 budget of \$64.6 million.

- UTIMCO Services corporate expenses are projected to be under budget by \$1.4 million (8.9%)
 - Salaries, largely driven by open positions filled during the year, is the largest contributor to budget savings at \$615k under budget.
 - Additional savings arise from employee benefits, recruiting and relocation expenses and corporate legal expenses.
- Direct Costs to Funds overall are projected to be under budget by \$1.9 million (3.8%).
 - External management fees are estimated to be \$3.1 million (17%) over budget while performance fees are anticipated to be \$4.4 million (19%) under budget in FY08.
 - Consultant Fees are projected at \$588k (44%) below budget.
- Capital Expenditures are forecasted to be \$260k (73%) over budget, primarily a result of the build-out of additional lease space.

FY09 Proposed Budget: The proposed \$66.8 million UTIMCO budget (excluding capital expenditures) for FY09 is 8.8% higher than FY08 projected actual expenses (3.4% higher than FY08 budget).

- UTIMCO Services for FY09 at \$16.5 million is an increase of 18.2% over FY08 projected actual costs, primarily due to increases in personnel-related costs and travel expenses.
- Direct Costs to Funds at \$50.2 million are budgeted to increase 6.1% over actual costs forecast for FY08, mainly due to expected increases in external management and consultant fees.
- Capital Expenditures of \$220k are primarily for information technology upgrades.

IV. UTIMCO Services

For FY09, total personnel-related expenses including employee benefits account for 71% of the UTIMCO Services budget (18% of the total budget). Trends in staffing and total compensation in relation to assets are shown in Table 4 on the next page. Highlights from Table 4 include:

- UTIMCO staff has grown 64% from FY04 to FY08, while assets increased 58% in the same period.
- Staffing is projected at 59 employees for fiscal year-end 2008 and budgeted at 63 employees for FY09, a 7% increase.
- Assets Under Management (AUM) per employee decreased 3% from FY04 to FY08.
- Total compensation increased 55% in the aggregate since FY04, a 12% annualized rate.
- Average total compensation per employee decreased 5% since FY04 to \$148k in FY08.
- Budgeted salaries increase 29% in FY09; bonuses increase 7%; and total compensation is budgeted to increase 20%.

Staffing: In FY08 the budget was based on staffing of 58 employees; actual staffing is projected to be 59 employees at fiscal year-end 2008. The FY09 budget adds four new positions to bring staffing to 63 employees by fiscal year-end.

Personnel-related Expenses:

- **Salaries and Wages** are projected to be approximately \$615k (10%) under budget in FY08 because of positions being filled at various times during the fiscal year and will increase to \$7.0 million in FY09. One-third of the budgeted increase in salaries of \$1.6 million (29%) reflects current staffing levels (i.e., open positions filled during FY08); the remaining increases are for new FY09 positions and raises for existing staff. Raises for existing staff (including promotions) represents a **9.8% overall salary increase** comprised as follows:
 - Base salary increases averaging **12%** for Compensation Plan participants (i.e., management).
 - Base salary increases averaging **7%** for non-participants in the Compensation Plan.
- **Bonus compensation** for FY08 based on performance year-to-date (including deferred bonuses earned in prior years and related income) is forecast at \$3.3 million, 3% over budget. The FY09 budget of **\$3.6 million** in bonus compensation is **7% higher** than projected FY08 bonuses. The proposed bonus compensation is based on Compensation Plan participants earning 70% of the maximum incentive award. The FY09 budget also includes deferred bonuses earned by employees in prior years and funds for a discretionary bonus pool of up to 15% of salaries for employees who are not participants in the Compensation Plan.
- **Employee Benefits** are expected to be under budget in FY08 by \$223k (19%). Employee Benefits costs are budgeted to increase 36% to \$1.3 million in FY09, reflecting increased staffing. Employee Benefits budgeted for FY09 are 18% of proposed base salaries. UTIMCO pays a portion of the cost of employee group health, dental, life, short term disability, and long term disability insurance, and contributes on behalf of participating employees to a 403(b) retirement savings plan.

General Operating Expenses are forecast to be 12% below budget for FY08 at \$1.9 million, mainly from a reduction in recruiting and relocation expenses. The FY09 budget proposes a 15% increase, primarily due to increases in travel, on-line data and contract services. Travel is budgeted at \$800k, an increase of 57% over FY08 projections. The increase in travel expenses is due to greater levels of investment due diligence by UTIMCO staff and an increase in international investing.

Lease Expenses: Table 5 show that lease expenses have continued to increase annually:

- UTIMCO’s move during FY06 resulted in a 70% increase in office space to accommodate long-term staffing growth.
- Per the lease terms, UTIMCO added 3,153 square feet of space in FY08.
- Operating Expenses (pass through expenses to tenants) have increased significantly in recent years due to rising utilities expenses and ad valorem taxes.

Total lease expenses in FY08 are projected to be at \$950k (1%) over budget and include an amortization of “deferred rent credit” (14 months of “free rent” plus leasehold improvements). FY09 **budgeted lease expenses of \$983k** include a (\$171k) amortization. Pass through operating expenses have increased 68% on a square foot basis since 2005 and is now about equal to base rent on a per square foot basis. UTIMCO staff is continuing to review actual and projected operating expenses with the landlord.

Professional Fees are expected to be \$365k in FY08, 33% lower than budgeted. Reduced legal expenses and compensation consultant fees account for a majority of the difference. This trend will continue in FY09 as the proposed budget for Professional Fees are \$259k, a decrease of 29%. A chart in the Direct Costs to Funds section of this report shows the trend for legal expenses since FY04.

V. UTIMCO Capital Expenditures

The trend for Capital Expenditures for FY07-FY09 is summarized in Table 6. In FY08, total expenditures on a net basis are forecasted to be \$616k, 73% over budget, primarily due to the costs associated with the expansion of an additional 3,153 square feet of office space. A budget of \$220k is requested for FY09. The majority of the FY09 budget (\$203k) is for ongoing technology and software upgrades. The remaining \$18k is for office equipment and other fixtures.

VI. Direct Costs to Funds

Direct Costs to Funds for FY08 are projected at \$47.4 million or 4% below a budgeted \$49.2 million. The FY09 budget increases 6% to \$50.2 million from projected FY08 costs.

External Management and Performance Fees paid to external managers continue to remain the highest component of the overall budget. These fees, projected at \$41.5 million in FY08 (3% below budget) and budgeted at \$44.2 million, represent 88% of Direct Costs to Funds budget in FY09 and 65% of total budget. Although UTIMCO staff estimates external management and performance fees in detail using each manager's fee structure and current asset base, these fees are very difficult to forecast and budget due to the uncertainty of individual manager performance.

Custodian and Analytical Costs: Custodian fees have continued to increase in FY08 mainly due to increasing assets and are forecast at \$1.7 million, 9% over budget. The FY09 budgeted amount for these expenses will increase 3% over FY08 levels. Performance measurement expenses paid in FY08 are projected to be 10% below budget at \$482k and are budgeted to increase 5% to \$506k in FY09.

Risk Measurement: Risk measurement expenses charged to the funds are expected to be 13% under budget for FY08 and further reduced by 7% to a budgeted \$483k in FY09.

Auditing expenses in FY08 of \$830k funded external auditors and U. T. System Audit Office fees. Audit expenses are budgeted at \$776k for FY09, a decrease of 7%. Although decreasing in FY09, audit expenses have increased overall due to the change in external auditors starting in FY08 and additional time required to audit valuations of alternative investments.

Legal: The chart below shows the trend in UTIMCO Services (corporate) legal fees and direct legal expenses charged to the funds since FY04. Legal fees paid directly by the funds in FY08 are projected to be \$1.1 million (3% over budget). Direct legal fees are budgeted for FY09 at \$1.0 million, a 10% decrease.

VII. UTIMCO Services Fee and Direct Expenses Allocation

Table 7 shows the proposed allocation of UTIMCO Services Fees for FY09, including estimates of direct costs for each of the funds. Note that the UTIMCO Services Fee is charged to the PHF and the LTF, not to the GEF where they are pooled; direct costs, on the other hand, are charged to the GEF. The total budgeted expense as a percent of 2/28/08 market values for each fund is shown at the bottom of the table.

The **\$16.5 million UTIMCO Services Fee** to be allocated to U. T. System funds is an 8% increase over the FY08 fee. The FY09 UTIMCO Services Fee is 0.069% of \$24.0 billion in total market value of assets (as of 2/28/08). This compares to the FY08 UTIMCO Services Fee of 0.070% of \$22.0 billion in total market value of assets (as of 2/28/07).

Direct Expenses of the Funds: UTIMCO staff estimates external manager fees by individual manager and fund. Alternative investments funds (hedge funds and private capital) net fees and expenses from reported asset values, so these expenses are not paid directly by the funds. Although the ITF does not have an allocation to private capital, the fund does have an allocation to hedge funds that is comparable to the endowment funds; therefore, the proportion of external management and performance fees paid directly by the ITF (as opposed to being netted from asset values) is slightly higher than for the other funds (0.268% of market value versus 0.211% for the PUF and 0.218% for the GEF).

Centralization of U. T. System Operating Funds

- The centralization of operating funds was approved by the U. T. System Board of Regents on July 8, 2005.
- On February 1, 2006, all U. T. System operating funds were consolidated into the Short Term Fund (STF) and the newly created Intermediate Term Fund (ITF).
- By U. T. System policy, U. T. institutions were required to invest 15% in the STF and 85% in the ITF.
- Effective September 1, 2007, the policy was changed to require a target investment of 10% in the STF and 90% in the ITF.

8. **U. T. System Board of Regents: Discussion of U. T. System financial resources and assets managed by The University of Texas Investment Management Company (UTIMCO)**

REPORT

Dr. Scott C. Kelley, Executive Vice Chancellor for Business Affairs, will discuss the importance of investment assets in the context of the U. T. System's overall financial resources. The presentation, set forth on Pages 78 - 95, provides an overview of the U. T. System's assets, liabilities, revenues, and expenditures, and the role that UTIMCO-managed assets play in supporting the financial condition of the U. T. System.

Board of Regents'
Meeting

Dr. Scott Kelley
July 24, 2008

Executive Summary

- The U. T. System is one of three public higher education debt issuers rated AAA/Aaa by the major credit rating agencies
- This rating has been maintained despite rapid growth in debt outstanding and capital expenditures
- The strength of the U. T. System is its balance sheet with \$41 billion of assets and \$28 billion of net assets as of 8/31/07
- Exclusive of investment income and capital gains, the U. T. System is essentially a break-even operation

U. T. System Assets and Budgeted Revenue

FYE 2007 Assets: \$40.6 billion

FY 2008 Budgeted Revenue: \$10.9 billion

Investments and Cash represent about 70% of U. T. System's total assets and virtually all of its net assets.

Nevertheless, Investment Income represents only 6% of FY 2008 budgeted revenue.

Growth in Net Assets

NOTE: Net Assets = Total Assets less Total Liabilities (i.e., book equity).

The U. T. System is Strong

- Only three public higher education issuers are rated Aaa by Moody's: U. T. System, University of Michigan, and University of Virginia

The credit rating agencies have finally embraced the fact that the credit quality of municipal issuers is far superior to equivalent-rated corporate credits. This may help sustain the U. T. System's Aaa rating.

U. T. System Credit Strengths

- The U. T. System's Aaa credit profile is supported by a number of key factors:
- ***Strong balance sheet***
 - ***Substantial liquidity to support variable rate debt programs***
 - ***Good operating performance in recent years***
 - ***Diversified revenue sources***
 - ***Growing enrollment and research funding***
 - ***Strong private sector support***
 - ***Strong management team (per rating agencies)***

Moody's Outlook: Stable

Opinion
 NEW YORK, Mar 21, 2008 -- Correction to name of governing board, to Board of Regents of The University of Texas System. Revised release follows.

Moody's Investors Service has affirmed its Aaa/VMG 1 ratings on The University of Texas System's Permanent University Fund (PUF) Flexible Rate Note Program, Series A in conjunction with a \$150 million issuance under the program. The program is sized at \$400 million, and \$250 million is currently outstanding. With this issue, the authorized program size will be fully utilized. The notes will be issued in the Flexible Rate Period and have a final maturity of May 15, 2030. In addition to the PUF Notes, the System has outstanding \$965 million in PUF Bonds, all in the fixed rate mode. The System also issues under its Revenue Financing System (RFS) program. RFS debt totals \$3.9 billion, of which \$2.4 billion is in the fixed rate mode (rated Aaa), \$1.1 billion is in the weekly variable rate demand bond mode (rated Aaa/VMG1), and \$902 million is commercial paper (rated P-1). The outlook on the RFS long-term debt ratings is stable.

USE OF PROCEEDS: The note program is used as an interim financing vehicle for the University.

LEGAL SECURITY: Lien on the System's interest in the Available University Fund (AUF), which consists of distributions from the Permanent University Fund. The lien securing the PUF notes is subordinate to the lien that secures the System's PUF bonds, of which \$965 million are currently outstanding. Nevertheless, the Texas Constitution requires the Board of Regents to distribute from the PUF to the AUF amounts sufficient to pay debt service on all PUF debt, which provides for coverage of the obligations under both liens. The Permanent University Fund is a constitutionally established endowment fund for the benefit of both The University of Texas System (Aaa revenue bond rating) and The Texas A&M University System (Aaa revenue bond rating). The University of Texas System receives two-thirds of the investment income derived from the fund, which flows into the AUF and is then available to pay debt service. The Texas A&M University System receives one-third of the investment income, which it pledges to its own issuance of Permanent University Fund debt. After payment of debt service on bonds secured by each System's interest in the Fund, the remaining income is available to fund academic excellence programs at certain institutions.

DEBT-RELATED DERIVATIVE INSTRUMENTS: The System actively uses derivative instruments but no swaps are related to the current transaction. The System has ISDA master swap agreements in place for use with Permanent University Fund debt.

STRENGTHS

“(MARCH 2008)...SOPHISTICATED DEBT AND INVESTMENT MANAGEMENT AND OVERSIGHT...Moody's believes that The University of Texas System's sophisticated debt and investment management strategies also enhance bondholder security. On the debt side, a dedicated debt and treasury staff oversees the System's debt program for both the PUF and for the Revenue Financing System. This staff actively monitors the University's debt portfolio and strategy, including the use of derivative instruments.”

U. T. System Credit Challenges

- In general, the U. T. System's credit profile has been supported by variables that are not sustainable, such as strong investment gains, low interest rates, and high oil and gas prices

- The rating agencies have recently cited more specific challenges:
 - *Large scale capital program and associated borrowing needs*
 - *Relatively complex operations requiring skillful management, particularly in the areas of health care and research*
 - *Ongoing need for sophisticated investment management and oversight, given a complex investment portfolio*
 - *Continued willingness and ability of the State of Texas to fund higher education, particularly TRB debt service*

REPORT

Mr. Bruce Zimmerman, Chief Executive Officer and Chief Investment Officer of The University of Texas Investment Management Company (UTIMCO), will report on investment strategy in anticipation of bringing potential changes to the investment policies to the U. T. System Board of Regents at the August 2008 meeting, using the PowerPoint presentation set forth on Pages 97 – 118.

Investment Strategy Review

2008

CONTEXT

- UTIMCO Investment Policies require an annual review by the UTIMCO Board of Directors and the UT System Board of Regents
- During the summer/fall of 2007 a fundamental review of the Investment Policies resulted in a number of new strategic initiatives. Staff recommended a multiyear transition period in order to implement the new strategic initiatives.
- The objective of this year's investment strategy review is to:
 - 1) assess the portfolio's current position in relation to the initial multiyear plan and recent/expected market conditions, and
 - 2) recommend "mid-course corrections" to the originally proposed multiyear implementation plan as well as to recommend targets and ranges for FY 2011.

From Board of Regents' Meeting - December 2007 as Initially Reviewed by Board of Regents on October 2007

Investment Strategy Highlights

- Increased allocation to Less Correlated and Constrained Mandates (28% of total assets increasing to 33% of total assets)
- Greater exposure to Emerging Markets
- Pursuit of broad range of natural resources investments
- Gradual increase in Private Investments (Projected 12% of total assets in February 2008 increasing to 17.5% in July 2010)
 - Private Real Estate Equity Fund Investments
 - Natural Resources, Emerging Market and Distressed/Opportunistic Strategies
- Illiquidity increased, but liquidity remains ample

Private Market Investments

% of Total Endowment: The Math

- "Hung" bridge loan opportunities
- Faster than anticipated start of private real estate program

- Particularly strong in distressed/opportunistic funds

- Attempted 2% sale produced only 1% sale

- Slowed due to seizure in credit markets and fall in public equity markets

MARKET CONDITIONS

Recent

- Seizure in credit market liquidity; noneconomic sellers
- Slowed US economic growth; return of distressed opportunities
- Risk-revaluation resulting in more attractive purchase prices (e.g., real estate)
- Continued emergence of developing economies; strain on natural resources

Expected

- Cyclical opportunities in distressed investing, particularly real estate-related debt
- Continued, though slowed, emerging market economic growth
- Attractive time to acquire assets at attractive values, although cautious pacing is prudent

“Mid-Course Correction” Highlights

- Reset Private Investment targets to reflect results of secondary sale, capital call/distribution cycle, and credit-related opportunities
- Wider ranges for Private Investments in recognition of “derivative” nature of returns
- Increase credit-related targets to reflect cyclical opportunity (as captured by MCC and LCC managers and private investments)
- Reset real estate private investment target to reflect accelerated launch and attractive market opportunities
- Rebalance developed/developing economies public equity to:
 - 1) maintain overall asset class balance given higher LCC emerging market exposure
 - 2) maintain risk exposures in light of higher credit-related private investments

Intermediate Term Fund (ITF)

- Staff continues to recommend no change to the Intermediate Term Fund Investment Strategy, as was the case during the summer/fall 2007 review
- As a result of aligning the ITF with the PUF and GEF “Grids” some changes did result, including:
 - Broadening (benchmarking) Investment Grade Fixed Income to a global, from a US-only, perspective
 - Updated allocation of the LCC portfolio across Asset Classes
 - Adjusting the Natural Resources benchmark to a 50/50 AIG Index/MSCI World Natural Resources Index

- B. ADJOURN JOINT MEETING
- C. RECONVENE MEETING OF THE BOARD OF REGENTS IN OPEN SESSION
- 10. **U. T. Medical Branch - Galveston: Resolution to honor the heroism of the late Mr. Roger Winslow Stone, a longtime employee**

RECOMMENDATION

It is recommended that the Board of Regents of The University of Texas System adopt the following resolution in recognition of Mr. Roger Winslow Stone, a 28-year employee of The University of Texas Medical Branch at Galveston who embodied the University's service mission by continually striving to improve the lives of others, both professionally and in his private life.

RESOLUTION

WHEREAS, Roger Winslow Stone joined The University of Texas Medical Branch at Galveston in July 1980, shortly after earning a Bachelor of Science degree in biomedical photography;

WHEREAS, Mr. Stone dedicated his professional life to creating a positive environment for co-workers, students, and patients, first as a biomedical photographer and in subsequent roles as distribution manager, process systems coordinator, and logistics program manager;

WHEREAS, Mr. Stone took it upon himself to help The University of Texas Medical Branch at Galveston address the transportation needs of its workforce by coordinating the institution's commuter van pool and by driving a commuter van himself;

WHEREAS, Mr. Stone brought beauty into the lives of others through his fine art photography and the publication of a book on public gardens of the East Coast, coauthored with his mother, Doris Lacy Stone;

WHEREAS, Mr. Stone exemplified work-life balance by being a devoted husband to Linda, his wife of 17 years, and active father to his two children, Eric and Elizabeth;

WHEREAS, Mr. Stone was a dedicated brother to Valerie Stone and caring uncle to Lacy Shannon and Caitlyn O'Connor;

WHEREAS, Mr. Stone, an experienced mariner, served as a mentor to other young people through his work as an assistant coach and safety officer for the Texas A&M University at Galveston sailing team;

WHEREAS, Mr. Stone, during Texas Race Week in 2007, displayed heroism and altruism when he and his crew abandoned their own race ambitions to save the crew of another sailboat in distress; and

WHEREAS, Mr. Stone's last act as a safety officer was to save the lives of two Texas A&M University students who were caught below-decks when their sailboat capsized during the 2008 Regatta de Amigos, at the cost of his own life.

THEREFORE, BE IT RESOLVED that The University of Texas System Board of Regents formally acknowledges and commends Mr. Stone's exemplary life of service and supports memorializing his life by further resolving that The University of Texas Medical Branch at Galveston will place a recognition plaque on a bench directly facing the Gulf of Mexico at the University's Ninth Street Circle, so that Mr. Stone's name will be an integral part of an area used daily by commuters to the campus; and

That The University of Texas Medical Branch at Galveston will establish the Roger Winslow Stone Hero Award to be given to other University employees who perpetuate his memory by demonstrating extraordinary courage and self-sacrifice in service to others; and

BE IT ALSO RESOLVED that an official copy of this resolution will be provided to Mrs. Linda Stone as an expression of deep gratitude for the life of Mr. Roger Winslow Stone.

11. **U. T. System Board of Regents: Approval of the Board of Directors of The University of Texas Investment Management Company (UTIMCO) recommendations for amendments to the Investment Policy Statements for the Permanent University Fund, the General Endowment Fund, the Permanent Health Fund, and the Long Term Fund**

RECOMMENDATION

The Chancellor ad interim and the Executive Vice Chancellor for Business Affairs concur in the recommendation of the Board of Directors of The University of Texas Investment Management Company (UTIMCO) that the U. T. System Board of Regents approve proposed amendments to the following Investment Policy Statements as set forth on the referenced pages.

- a. Exhibit A, Permanent University Fund (PUF) (See Page 123)
- b. Exhibit A, General Endowment Fund (GEF) (See Page 124)
- c. Exhibit B, Permanent Health Fund (PHF) (See Page 125)
- d. Exhibit B, Long Term Fund (LTF) (See Page 126)

BACKGROUND INFORMATION

Section 3(a) of the Investment Management Services Agreement approved February 7, 2008, between the Board of Regents of The University of Texas System and UTIMCO requires UTIMCO to review the Investment Policies of the Permanent University Fund, the General Endowment Fund, the Permanent Health Fund, the Long Term Fund, and the Intermediate Term Fund (collectively the "Funds") at least annually and recommend any changes of such Investment Policies for approval by the U. T. Board. The review includes distribution (spending) guidelines, long-term investment return expectations and expected risk levels, Asset Class and Investment Type allocation targets and ranges, expected returns for each Asset Class and Investment Type and Fund, designated performance benchmarks for each Asset Class and Investment Type and such other matters as the U. T. Board or its staff designees may request. After UTIMCO completes its assessment, UTIMCO staff shall forward any recommended changes to U. T. System staff for review and appropriate action. The amended PUF, GEF, PHF, LTF, and ITF (the "Funds") Investment Policy Statements were last approved by the UTIMCO Board on November 29, 2007, and the U. T. Board on December 6, 2007.

UTIMCO will present its recommended changes for fiscal years ending 2009, 2010, and 2011, at the Board of Regents' meeting scheduled for August 13-14, 2008. Mid-course corrections to Exhibits A to the Investment Policy Statements for the PUF and GEF and Exhibits B in the PHF and LTF Investment Policy Statements, for the fiscal year ending August 31, 2008, are presented here, to be effective July 24, 2008.

Due to the steep decline in public equity markets, the potential is increasing for the ratio of Private Investments over Total Endowment Assets to exceed the upper limit (17.5%) established in the Investment Policy Statements effective March 1, 2008. The ratio of Private Investments over Total Endowment Assets as of June 30, 2008, is 16.79% for the PUF and 16.71% for the GEF, compared to a June 30, 2008 maximum range of 16.8% for each. Because this ratio is very dependent on overall fund performance, it is impossible to establish with any certainty what the ratio will be at the end of July or August. UTIMCO Staff has determined and the UTIMCO Board agrees that it would be imprudent to attempt to enter the secondary market to sell down a portion of existing private investments during this period, which is the only direct lever available to reduce this ratio. Additionally, the UTIMCO Board has determined that disrupting UTIMCO's Private Investments commitment program is inadvisable, particularly given that it would

not impact the ratio in the short term as well as the variable nature of the ratio. Therefore, in order to remain in compliance with the Investment Policy Statements, the UTIMCO Board recommends that the Private Investments maximum range be increased to 20%, effective July 24, 2008.
